although the manifestation of what is taken to be indigenous knowledge could presumably be traced back roughly to the origins of humankind the idea of indigenous knowledge is a fairly recent phenomenon it has arguably gained conceptual and discursive currency only over the past half century with a veritable slew of conferences workshops special journal editions and anthologies devoted to the topic yet there has been no treatise that offers a comprehensive critical examination of this notion accounts of indigenous knowledge usually focus on explanations of indigenous local traditional african and the like but to date not a single defense of indigenous knowledge has bothered to explain the particular

understanding of knowledge the authors are working with indigenous knowledge philosophical and educational considerations s critique of the idea of indigenous knowledge should in no way be understood as an endorsement of the evils of colonial conquest and ongoing exploitation oppression and subjugation nor should it be taken as an indication of a failure on the part of the kai horsthemke to sympathize with the struggle of indigenous peoples the world over for a dignified and sustainable way of life for personal and communal space and for self determination the aim of the book is to provide especially indigenous educators with theoretical tools for critical reflection and interrogation of their own and others preconceptions assumptions and epistemic practices and customs

for over a century and in scores of countries patriarchal presumptions and practices have been challenged by women and their male allies sexual harassment has entered common parlance police departments are equipped with rape kits more than half of the national legislators in bolivia and rwanda are women and a woman candidate won the plurality of the popular votes in the 2016 united states presidential election but have we really reached equality and overthrown a patriarchal point of view the big push exposes how patriarchal ideas and relationships continue to be modernized to this day through contemporary cases and reports renowned political scientist cynthia enloe exposes the workings of everyday patriarchy in how syrian women civil society activists have been excluded from international peace negotiations how sexual harassment became institutionally accepted within major news organizations or in how the un secretary general s post has remained a masculine domain enloe then lays out strategies and skills for challenging patriarchal attitudes and operations encouraging self reflection she guides us in the discomforting curiosity of reviewing our own personal complicity in sustaining patriarchy in order to withdraw our own support for it timely and globally conscious the big push is a call for feminist self reflection and strategic action with a belief that exposure complements resistance

things are not always as simple as they appear to be some of the time this is a story about the rise and fall of an automotive giant and the things that led to its downfall many of the things that change the way we act and react are a combination of a collection of events that is the case in this book many contributing factors led to the fall of the main character in this book it is translated into a mystery so as to protect the secret identity of humpty dumpty

angles of vision is a compact text that provides students with basic information about social problems and teaches them a strategy for understanding these issues students learn how to distinguish between individual and structural analyses and the importance of placing issues in a historical and international context to gain a clearer understanding in so doing
